Resolution Title Resolution to End Tax-payer Funded Institutions with DEI Policies

Be it so resolved, as so-called Diversity, Equity and Inclusion practices continue to be revealed in various government institutions. Let us propose to end DEI policies in all taxpayer funded institutions, and nongovernmental organizations (NGO). This policy is poison in the mindset of the younger generations, and a poison to Texas and America. This practice promotes diversity hires, which discriminate against white Americans, Asian Americans and other racial groups that do not fit within an “oppressed minority” class. DEI through a Critical Race Theory (CRT) lens, promotes anti-white racism as it argues that white Americans are the reason why discrepancies in GDP per capita, education level, wealth and other areas exist between white Americans and other racial groups. This deteriorates race relations. DEI poses a thread to the unitary stability of Texas and the United States as it goes against color blindness and equal protection under the law. It poses a threat to future generations of white Americans or any racial group as they are antagonized and dehumanized, which can lead to rights being stripped away, systematic oppression, and tyranny, as seen throughout history. Let us propose to eliminate DEI practices in all taxpayer funded institutions.
